- Squeeze a dime-size drop onto the Artistry Massaging Facial Cleansing Brush – another perk of this premium set.
- Gently massage cleanser in a circular motion across entire face.
- Rinse face thoroughly and dry. Do not use a toner, an exception to the Artistry® 4-Step Skincare Regimen.

Step 2: Treat – Artistry® Intensive Skincare Renewing Peel (recommended use: twice a week)
This gentle yet effective peel delivers benefits comparable to a professional chemical peel:*

- Pump eight drops into palm.
• Use fingertips to apply a thin layer across entire face.
• Wait eight minutes.
• Rinse face thoroughly and dry.
*Results not equal to surgical/cosmetic procedures. Some skin types may experience temporary redness for up to 30 minutes. Discontinue use if persistent redness, burning, or stinging occurs.

Step 3: Moisturize – Artistry Supreme LX™ Regenerating Cream
This anti-aging innovation puts the power of youth at your fingertips, helping skin act up to 15 years younger:

• Scoop a pea-sized drop of the cream onto fingertips.
• Distribute cream to forehead, cheeks, chin, and throat.
• Beginning on the throat, gently massage the cream in a circular motion, moving upward and outward, to smooth over entire face and neck.
