TAKE THE PHYTONUTRIENT CHALLENGE

Do you get enough fruits and vegetables to support your health? New research shows you most likely are not. The Global Phytonutrient Report released by the Nutrilite Health Institute reveals significant global gaps in fruit and vegetable consumption, which impact phytonutrient intake levels and, ultimately, optimal health.

PROBLEM
MOST ADULTS ARE **NOT** EATING **ENOUGH** OF THE RECOMMENDED AMOUNT OF FRUITS & VEGETABLES.

3 IN 4 ADULTS WORLDWIDE **do not meet** the World Health Organization (WHO) recommended minimum of five servings (or 400 grams) per day!

MOST ADULTS WOULD NEED TO AT LEAST **DOUBLE** THEIR CURRENT INTAKE OF FRUITS AND VEGETABLES to meet the WHO recommendation

OBSTACLE
EATING THE RECOMMENDED **QUANTITY** OF FRUITS AND VEGETABLES—AS WELL AS A **VARIETY**—IS CHALLENGING FOR MANY REGIONS OF THE WORLD.

OBSTACLES THAT COULD AFFECT FRUIT AND VEGETABLE CONSUMPTION GLOBALLY:

- BUSY LIVES
- AVAILABILITY
- COST
- GEOGRAPHY
- CULTURALLY SPECIFIC FOOD

DID YOU KNOW...
FRUITS AND VEGETABLES CONTAIN POWERFUL PHYTONUTRIENTS—PROVIDING A RANGE OF HEALTH BENEFITS.

That's why you should eat the daily recommended quantity of fruits and vegetables and fill your plate with a colorful assortment.

PHYTONUTRIENTS, the organic components found in plants, can help promote **eye**, **bone**, **joint** and **heart** health, as well as support **immune** and **brain** function.

SOLUTION
SIMPLE STEPS TO INCREASE THE **QUANTITY** AND **VARIETY** OF PHYTONUTRIENTS IN YOUR DIET:

- 5 SERVINGS**
Eat at least **five servings (400g)** of colorful fruits and vegetables per day.
- Power up your plate** with a variety of fruits and vegetables to get a range of health benefits.
- PLANT-BASED SUPPLEMENTS**
When diet is not enough, consider **plant-based supplements**.

Nutrilite™ All Plant Protein Powder

Item # 110415 - 450 g/15.97 oz.

Retail \$45

Energy, muscle, and heart health †

Protein helps maintain lean body mass, build muscle and repair tissue.. Get what your body needs by adding this fine, flavorless protein powder to beverages, foods, or batters. All-vegetarian base, derived from soy, wheat, and yellow peas, provides balanced amounts of the nine essential amino acids.

- 10 grams of protein in one 12.5-gram serving.
- Dairy free, lactose free.
- Cholesterol free and low fat.

According to need, add contents of two level tablespoons (approximately 12.5 grams) to an 240 mL (8 fl. oz.) glass of milk, fruit juice, vegetable juice or other liquid. Sweeteners or flavors may be added, if desired. Stir rapidly for 45 seconds or shake vigorously in a covered container.

Nutrilite™ All Plant Protein Powder can also be sprinkled on rice dishes, cereals, vegetables, salads or soups. In addition, it can be added to casserole, breads, cakes, biscuit or meat recipes and many other foods. It increases the protein value and has a neutral taste.
