Artistry Studio™ My Main Squeeze Moisturizer

Item # 125966 \$27.00

Soak up the superfruit goodness.

Bring out skin's natural radiance with our lush yet lightweight moisturizer! This pretty-in-pink gel cream hydrates and brightens with Acai Berry and other superfruits. Provides an invigorating burst of moisture, plus vitamins and antioxidants.

- Amplifies radiance and helps provide a youthful look.
- Moisturizing botanicals deliver soothing hydration.
- Tropical fruit extracts infuse skin with vitamins, plus antioxidants that help protect skin against free radicals caused by environmental stressors.
- Doubles as a makeup primer, creating a smooth and hydrated canvas.
- Contains Shea and Aloe Vera (Zen) for soothing hydration and Superfruit Juice (Energy) with energizing peptides, botanicals and antioxidants.

Artistry Studio™ Eye Look Energized Eye Serum

Item # 125964 \$25.00

15 mL/0.5 fl. oz.

The cool way to a bright-eyed look.

Roll on, blend in and glow out with our cooling, refreshing eye serum! This highlighting and energizing pick-me-up gives the skin around your eyes a boost anytime. Immediately cools on contact to reduce the look of puffiness.

- Refreshes dull, tired-looking skin around the eyes.
- Shimmery, rose gold liquid comes in sleek rollerball format for easy application.
- Go beyond the eyes! Use on cheekbones, cupid's bow and nose for a highlighting effect.
- Contains Avocado (Zen) for soothing hydration and Electrolytes (Energy) to brighten and refresh.

Nutrilite Vision Health

Item # 124708 - 60 Softgels \$35.00

Supports healthy aging eyes and provides nutrients to help eyes filter blue light.†

Seeing is believing! Nutrilite™ Vision Health supports eyes as they age and provides nutrients that help eyes filter blue light.† It also supports healthy night vision, visual sharpness and adaptation to changes in light.† With plant-based nutrients that nourish different parts of your eyes, and a 5:1 ratio of 15 mg Lutein and 3 mg Zeaxanthin clinically shown to increase concentrations in the macula, where the eye absorbs blue light, you can be confident that Nutrilite™ Vision Health helps meet your needs.†

Nutrilite™ Vision Health contains vitamins and nutrients that support the whole eye.† Includes plant-based nutrients from Marigolds, Tomatoes and Algae grown on our partner farms. Yellow carotenoid antioxidants, Lutein and Zeaxanthin from Marigolds, help the macula filter UV and blue light. Beta-Carotene from Algae converts to vitamin A to support the retina. The rich red color of Lycopene from Tomatoes delivers support to the lens for clear vision

††Does not contain genetically engineered ingredients.

Who it's for:

Adults interested in vision health supplementation, looking for plant-based nutrients that support healthy aging eyes and help eyes filter blue light in a convenient softgel.
