## Patented Essential Amino Acid Blend

9

Full-spectrum, precisely calibrated EAAs

3X

More effective than whey protein isolate at building muscle

32X

More effective than BCAAs alone

24

Human Clinical Studies

- Take first thing in the morning with 8-10 oz of water (from your eSpring or even Perfect Water).
- Drink all at once. This is not a drink you sip or drink over time.
- Wait 20-30 minutes before eating or drinking anything to allow for full absorption.
- Can also take before, during or after a workout. If you normally drink a protein shake after a workout, continue doing that and take the Muscle Multiplier 20 minutes before or after for best absorption.

# Benefits of Essential Amino Acids (EAAs)

THE BEST WAY TO STIMULATE LEAN MUSCLE GROWTH AND RETENTION IS TO TAKE A BALANCED PROFILE WHERE ALL 9 EAAS ARE PRESENT IN A SPECIFIC RATIO THAT HAS BEEN PROVEN BY CLINICAL STUDIES TO HAVE AN EFFECT ON HUMAN MUSCLE.

## BUILD MUSCLE MASS

Provide your body with sufficient EAAs to carry out protein synthesis.

## PREVENT MUSCLE LOSS

Avoid going into a catabolic state even in the absence of dietary protein.

## BOOSTS ENERGY & FOCUS

Increase the amount of energy your body naturally produces in every cell.

## BLOOD SUGAR LEVELS

Muscles naturally help balance blood sugar after and in between meals.

## MENTAL CLARITY & FOCUS

Help balance important neurotransmitters in the brain.

## WEIGHT MANAGEMENT

Naturally boost your body's basal metabolic rate.

# XS™ Muscle Multiplier<sup>†</sup> Essential Amino Acid Supplement

New and improved formula with even more EAAs (Essential Amino Acids) and L-Arginine per serving! No gym bag should be without this naturally flavored fuel that boosts performance before, during and after exercise. A great-tasting blend, guaranteed to build lean muscle<sup>1</sup>, without lactose or sugar – and only 20 calories.
